#### Description:

**Review** "An important and outstanding contribution." ---Erich von Däniken, author of Chariots of the Gods

--This text refers to the edition.

**About the Author** Philip Coppens is an internationally renowned investigative journalist, author, and regular contributor to magazines such as Atlantis Rising and NEXUS Magazine. He is labeled a skeptic by the believers, and a believer by the skeptics--a unique position which makes him a well-recognized voice of reason. He is the author of six books, including *The New Pyramid Age*, and is one of the leading contributors to The History Channel's popular series, *Ancient Aliens*. He lives in Edinburgh and Los Angeles, California.

Erich von Daniken is arguably the most widely read and most-copied nonfiction author in the world. He published his first (and most well-known) book, *Chariots of the Gods*, in 1968. It was a worldwide best-seller and has been followed by 31 more books including the recent hit *History Is Wrong* (New Page Books). His works have been translated into 28 different languages and have sold a total of 63 million copies. Several of his books have also been turned into films, and Erich's ideas have been the inspiration for a wide range of TV series, including the History Channel's smash hit special, "Ancient Aliens." He is an ever-present figure on the international lecture circuit. He lives in Switzerland.
