#### Description:

**From Library Journal** This classic sf novel traces the fate of the world after a comet shower blinds most of the world's population. The few with sight must struggle to reconstruct society while fighting mobile, flesh-eating plants called triffids. Samuel West's narration of this powerful and realistic story provides a flawless interpretation of the text. The listener is caught up in the catastrophic chain of events, imagined and told with such skill?by narrator as well as author?that one can easily visualize the cataclysmic events. All of West's vocal characterizations, including

cockney accents, female voices, and children's voices, ring true. This superlative production of an outstanding and entertaining novel belongs in all audio collections. Melody Moxley, Rowan P.L., Salisbury, N.C.

Copyright 1996 Reed Business Information, Inc. --This text refers to the edition.

**Review** "A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much."

--RAMSEY CAMPBELL

"John Wyndham's The Day of the Triffids is one of my all-time favorite novels. It's absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery."

--JOE R. LANSDALE

"My son's middle name is Wyndham. Does that tell you how much I respect and revere the late John Wyndham? And The Day of the Triffids is the best of them all. He was a wonderful writer who was able to reinvigorate science fiction with spectacle and true thrills, and do so with a writing voice that created both suspense and elegance. A true master."

--ED GORMAN
